Odeh Nassar

Ubi Est Voluntas Est Via

Mr. Nassar -

well, I can say,
he has been the
best year yet, and
you've added a lot.

Thanks for being so
wonderful in cheerleading. You've helped ev-
eryone. Of course you never **Ex Libris** but you
did add some helpful suggestion. Thank.

Nassar, I could never express the way I
feel nor could I ever say all that I
should on one sheet of paper but if I
had the greatest vocabulary, all I can
ever say is thanks for everything.

I do hope I can accomplish more
knowledge of being ^{an} adult during the
summer - You've made me what I am,
(I know I shouldn't blame you for this
or insult you) but I realize I've so
much to learn. If I never learn any-
thing else I hope I can overcome
the mood of "feeling sorry for myself."

I can hardly wait 'til next year but I
miss you so much this summer. Please
Nassar, write to me once in a while,
when you have time. You've been the
best friend I've ever had and maybe
you won't like this but I've gotta say I

Preface

We are the first class to have been in Tri-City High for all of our high school career. Through the years we have gradually climbed from the lowly frog to the intricacies of chemistry and physics, from JULIUS CAESAR to MACBETH, from the quadratic formula to the volume of a sphere. Some of it has not been pleasant — the smell in chemistry lab, reciting in geometry, and semester exams.

The memory of these unpleasant things will soon vanish, though, and we shall remember with pleasure the times when the experiment came out right, when we finished the theorem, or when we got an A on the exam.

We, the TRICINOCA staff, hope that we can help to preserve these happy memories, and that you will enjoy having this book as much as we have enjoyed making it.

THE SEASON

The inexperienced but determined Black Panthers met Gastonia, a strong AAA team, in their first game. After a scoreless first half, they were overcome in the second by 20 to 0. This proved to be the pattern for the season. In their second game, the Panthers absorbed their worst licking of the year from Martinsville. The next week the Panthers played perhaps their best game before going down to Reidsville, state AA champs, 19-0, and in their next game rolled over Walkertown 21-0. Successive defeats were suffered at the hands of Lexington, Gray, Mount Airy, and Mineral Springs. Then, in the final game of the season against Hanes, aided by H. C. Pace's end around run in the dying seconds and followed up by Pete Griggs' third touchdown of the night, the Panthers ground out a respectable end to a losing season by winning 19-13.

THE SEASON

Tri-City's basketball fortunes took something of a tumble in 1955. The Black Panthers were able to win three games during the regular season, these victories coming at the expense of Walkertown, Gray, and Mount Airy. The Panthers had two lettermen to rebuild from the championship squad of 1954. However, the future appears much brighter as the '55 squad had just two seniors and two juniors, the remainder consisting of a promising group of eight sophomores.

THE GIRLS' SEASON

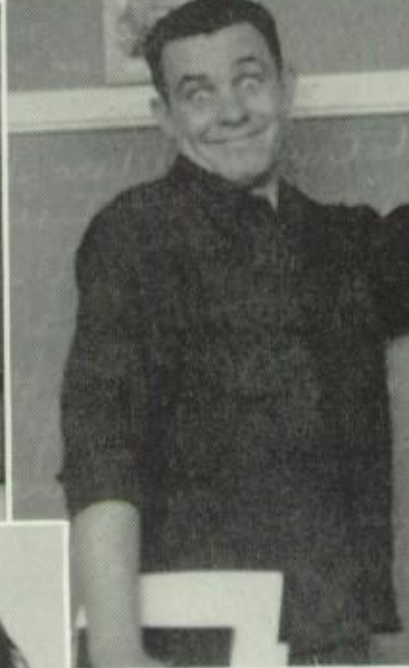

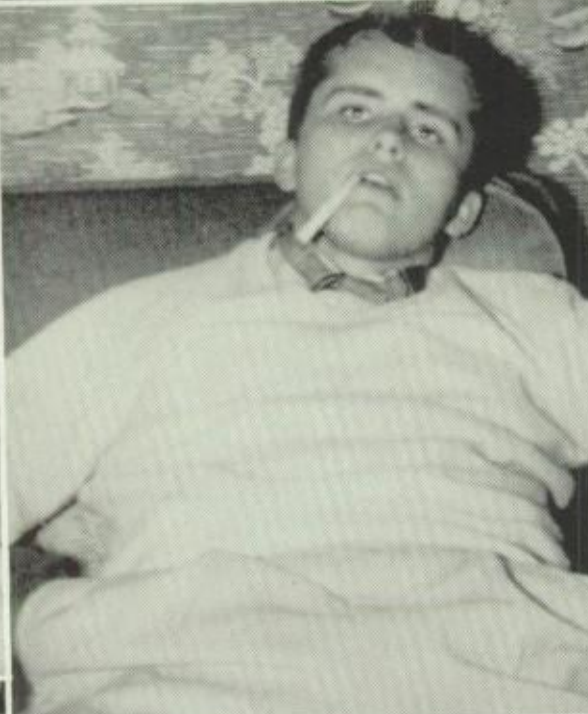

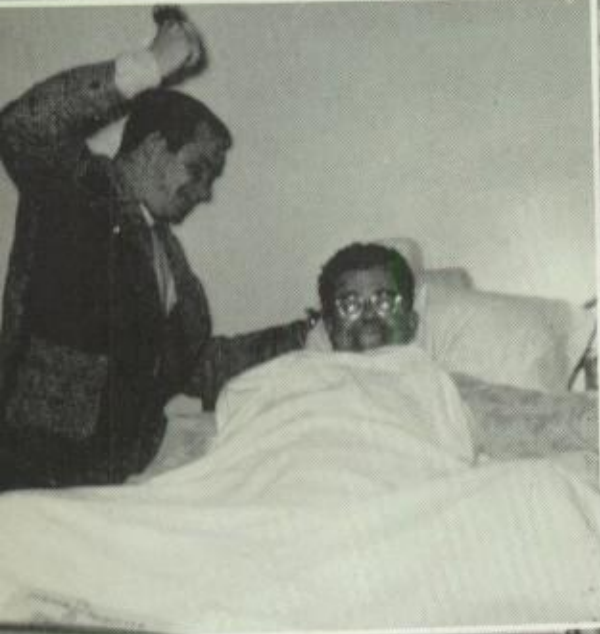

The Pantherettes played nine games this season, winning three, losing four, and tying one. They practiced and played hard, and enjoyed their season.

Sarah Stanford, averaging fifteen points per game, and Shirley Griffin with fourteen points, were top scorers. Betty Harris, Dru Wilkes, and Edith Aaron were outstanding in defensive play.

Next year should be a successful one for the Black Pantherettes because the team will lose only four girls. Teams encountered were Reidsville, Mineral Springs, North Davidson, and Greensboro.

Mr. Nassar, I have really enjoyed being in your homeroom this year. It is wonderful when you have a teacher to talk things over with. You have helped me a lot of times when I thought everything was against me. Thank you so much. You are truly the best homeroom teacher I have had.

Mr. Nassau:

I have enjoyed being in your homeroom
this year more than I can ever tell you.
You have given me a lot of good advice
+ I sure do appreciate it. I only hope
I can do all the things you told me
to do.

I also appreciate you talking to
me + helping me with my problems, but
I don't think I will ever get them
worked out. Do you?

Will hope to see you this summer
